## Welcome Home to Chestnut Street Baptist Church!

Thank you for joining us wherever you may be in your journey with Christ! At CSBC, we are passionate about showing God's love and telling His story. We didn't all come from a storybook Christian home. Those who worship here represent differing political views, backgrounds, hurts, and everyday life experiences. We care for everyone, including people with various intellectual and physical disabilities, all those suffering in poverty, addiction or divorce, people in crisis, from broken homes, and others who are neglected or are mistreated. Whether you have been burned by religion, made mistakes, or haven't been to a church in years (or ever) we invite you to join us. You matter to God and you matter to us!
